

First Home Alliance, Inc. began its mission in 2004. For the past three years we have helped guide, prepare, and educate over 1,000 first time homebuyers to obtain economical, safe, quality housing. Our program includes pre and post homeownership counseling, credit, and debt management.

We are seeking volunteers and Interns to work with our non-profit organization in Woodbridge, VA.

Volunteers play a vital role by providing assistance to counselors, program assistant and the community. They help with intake processing, organizing and setting up workshops, data entry and more importantly, by offering need-specific support for clients. Our in-house projects are some ways we would like to support our community with the help from our volunteers. Currently we are focusing on recruiting more volunteers to assist with the community and future projects.

For more details please contact Shauna Davey at the below number or respond to this email. Thank you.
